**AVAILABLE FOR IMMEDIATE RELEASE**

DeWitt Company™ will sell Typar® Landscape Fabrics to existing Fiberweb, Inc. customers

(Sikeston, MO.) January 10, 2010 — DeWitt Company™ announced today that it will sell Typar® Premium Landscape Fabric, Typar® Premium Landscape Fabric with QuikTear™ and Typar® Professional Landscape Fabric to all existing Fiberweb customers. The agreement is designed to enable “One Stop Shopping” for landscape and garden industry customers beginning on May 1, 2009.

“DeWitt is a powerhouse in the landscape industry,” said Bob Dahl, Director of Fiberweb Construction Products. “Partnering with a company of the caliber of DeWitt ensures we communicate the superior performance advantages of Typar and, with DeWitt’s knowledge and logistics capabilities, continue the sales growth of these products. This agreement will allow our customers greater product availability from one source and will streamline their ordering and shipping processes.”

**About Fiberweb, Inc.**

Fiberweb is a \$1.1 billion world-leader in the design and manufacture of tailored nonwoven fabric solutions. With global reach from 24 manufacturing sites in 14 countries across the globe, Fiberweb employs the widest range of nonwoven production and treatment technologies to meet demanding customer requirements for service, quality, and flexibility. Fiberweb specializes in the development of innovative products, both independently and in collaboration with customers. For more information, contact the DeWitt Company at 1-800-888-9669.

**About the DeWitt Company**

The DeWitt Company is committed to offering a full product line of horticultural textiles and products to meet the needs and budgets of any consumer. In business since 1977, DeWitt products are used in more than 70 percent of the commercial landscaping done throughout the United States, making it the #1 Choice of Landscape Professionals. DeWitt Company continues to lead the competition in the quality and performance of its landscaping and garden products. Exclusively From DeWitt

Three Hardworking Fabrics: Tough on Weeds • Easy on You!

**1**

**TYPAR® PREMIUM LANDSCAPE FABRIC**  
15-YEAR GUARANTEE

**TYPAR® Premium Landscape Fabric**

- Blocks weeds for a beautiful appearance.
- Retains soil moisture for less plant stress.
- Passes nutrients for better root growth.

**BLOCKS weeds. GUARANTEED.**

**TYPAR® Premium Landscape Fabric is easy to install. Follow these instructions:**

1

Roll out fabric.

2

Cut on "X" at plant location.

3

Place plant.

4

Cover TYPAR with 3-4 inches of mulch.

**Additional Applications**

Pot liners

Under decks

\* TYPAR Landscape Fabric will only be guaranteed when installed according to these instructions. As with all permeable mulch fabrics, TYPAR Landscape Fabric must be covered with 3-4 inches of mulch to avoid damage from the sun's UV rays. TYPAR can occasionally be punctured by particularly aggressive grasses and weeds.

 70 Old Hickory Blvd.  
Old Hickory, TN 37138-0511  
Toll Free: 1-800-382-8847  
www.typpar.com  
Made in the USA.

**TYPAR Premium Landscape Fabric** blocks weeds around plants; unlike plastic, lets moisture, nutrients and air pass through; and is guaranteed to last for 10 years with proper installation and maintenance.

**TYPAR® PREMIUM LANDSCAPE FABRIC**  
15-YEAR GUARANTEE

**3' x 300'**  
(900 Sq. Ft.)

**BLOCKING WEEDS made easy.**

<b>TEAR.</b>	Choose your lengths in no time.
<b>PLACE.</b>	Place sections with ease.
<b>MULCH.</b>	Reduce your time needed to mulch.

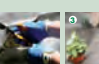

**TYPAR® Premium Landscape Fabric with QuikTear® is easy to install. Follow these instructions:**

1

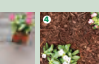

Unroll TYPAR® QuikTear™ over lawn, plants and tree landscape. Leave the length you need and TYPAR QuikTear along the remaining portion. Tear inside every 26 inches.

2

Use utility to cut 6" x 6" of fabric at the location of tree and existing plants.

3

Pull the cut fabric back and place or gently roll the plant through. Then lift the fabric to reveal the base of the plant to their root system.

4

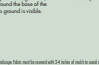

Cover TYPAR QuikTear with mulch 3-4 inches deep.

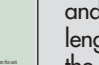

**Additional Applications**

Pot liners

Under decks

Behind retaining walls

\* TYPAR QuikTear Fabric will only be guaranteed when installed according to these instructions. As with all permeable mulch fabrics, TYPAR QuikTear Fabric must be covered with 3-4 inches of mulch to avoid damage from the sun's UV rays. TYPAR can occasionally be punctured by particularly aggressive grasses and weeds.
